VOL. CXV. No. 194 ALEXANDRIA, VIRGINIA FRIDAY, AUGUST 14, 1914. PRICE 2 CENTS

GERMAN ARMY RENEWS ATTACK

Invaders Said to Be Making Slow but Sure Progress Into Belgium.

CHARGES OF CAVALRY.

Appalling Loss of Life—Streams of Wounded Belgian and German Soldiers Pour Into Brussels.

Wearing down the Belgians resistance, the right wing of the German army of the Meuse renewed the attack on the allies at dawn today.

Steady forward movement of the massed German army, pressed by sharp cavalry engagements, appears to be giving the invaders, according to meager dispatches from Brussels, slow but sure progress into the heart of Belgium.

It is only a question of time before the allies must fall back upon the secondary line of defense.

A reconnaissance in force opened the third day's battle along the entire front.

Supply trains have reached the German lines and the heavy artillery is nearing the advanced lines.

Cavalry charges were made at a dozen points between Tirlemont and Egheeze.

The Belgian war office gives out a significant dispatch in which it is affirmed that "Brussels is now safe from capture,' significant as being the first admisison that the invaders had thrown any troops as far westward and south as to threaten the Belgian capital.

Streams of wounded Belgians and Germans being taken to Brussels indicate the appalling loss of life in the repeated engagements.

Train service has proved inadequate to care for the wounded and an automobile corps has been pressed into service.

Private homes, school houses, and meeting halls are turned into hospitals.

The war office censor refuses to allow any information to creep through concerning the positions of the allies.

LOWEST TYPHOID RATE.

Total Number of Cases Reported in Virginia This Summer, 416.

While there are a number of cases of typhoid fever in Alexandria, the State Board of Health reports a low rate throughout the commonwealth.

The smallest typhoid infection for and cummer months in the history of health work in Virginia is claimed in a bulletin just issued by the Board The total number of cases of the summer scourge is given as 416.

The bulletin says.

"The board does not regard these cases as the only ones that occurred in the State during July, and points out that these include only the cases of physicians who report to the State Board of Health.

"The board does not flatter itself that this remarkable record is the exclusive result of the State Health work. We trust that the investigation of epidemics, the use of typhoid vaccine and the dissemination of literature on the prevention of typhoid have helped. We feel sure that the favorable season has also been a most important factor. But the credit belongs to the people of the cities, the small towns and the rural districts of Virginia, who have come to see that the prevention of disease is a matter within the reach of all the citizens of Virginia. The people are winning their battles for better health, and need only proper direction and assistance in outbreaks to reduce and to control diseases like typhoid fever and hookworm."

Mr. R. D. Brumback, who has been visiting his father at Luray, returned home today.

Mr. and Mrs. Samuel G. Brent will leave tomorrow morning for a two weeks' trip to Atlantic City.

Hard and Soft Shell Crabs at Rammel's Cafe

NEWS OF THE DAY

Fearing that attempts might be made to blow up the Canadian power plants at Niagara Falls, Ont., a military guard was placed over them yesterday. The plants here furnish light and power to about fifty towns.

A dispatch from Rome to the Central News says the Corriere d'Italia, London, publishes a telegram from the frontier stating that an Austrian cavalry brigade has been exterminated on the Austro-Hungary frontier. The Austrian cavalrymen are said to have attacked the Cossacks, who were accompanied by artillery. They were unable to hold their own and tried to get back across the frontier, but rain had fallen, and men and horses were caught in the marshy ground and shot down until not a man remained alive.

The report from Shanghai that 45,000 Japanese troops had embarked, presumably for service against the Germans at Tsing-Tau, yesterday was declared to be absurd at the Japanese Embassy, in Washington. While no word has come from the Japanese government on the subject, it was said that Shanghai is five days' sail from Japan, and the story probably was a pure fabrication."

Looking on, fascinated by the glistening new revolver in the hands of her husband, who was cleaning it Tuesday night, in Wheeling, W. Va., Mrs William Hull, waiting until it was filled and ready to be laid away, took the weapon from the table. "I wonder if a bullet would go clear through my head," Mrs. Hull mused aloud. "Try it," said Hull, without looking up. A shot rang out and his wife fell to the floor dead. The bullet went through the woman's left temple and came out through her right eye.

President Wilson has directed the Department of Justice immediately to institute a searching investigaton into the causes of the sudden rise in prices of foodstuffs in Balthmore and other American cities. Attorney-General McReynolds, a few hours later, set in motion the machinery for the probe.

The engagement of Miss Cornelia E. Bryce, daughter of Mr. and Mrs. Lloyd S. Bryce, of New York, and Gifford Pinchot, former chief forester of the United States, has been announced. The wedding will take place next Saturday morning at Roslyn, L. I., the country home of the bride's parents.

The London Daily Citizen, organ of the labor party, says it has learned from reliable authority that Dr. Karl Liebknecht, the German Socialist leader, has been shot for refusing military service. It is also reported that Rosa Luxemburg, the noted Socialist writer, who declared soldiers were maltreated in the army, has been shot. The Daily Citizen says that the story was brought to London by a German refugee, who reported that Berlin, owing to the shortage of food, was in a virtual state of revolution.

Mrs. Tillie Rolfe, 29 years old, lay in the room adjoining the operating table at the Swedish Hospital, in Kansas City Hospital, while nurses hurried about preparing for the operation for appendicitis that was to be performed on her in a few moments. John Rolfe, 40 years old, her husband, a wealthy farmer, of Randolph, Kan., drove up to the hospital in a motor car. "I want to see my wife," he told the head nurse. An attendant led him back to his wife's room. 'Oh, John, why don't you quit drinking?" Mrs. Rolfe said, as he entered. Then the door closed. Five minutes later five shots were fired. Physicians and nurses ran into the room and found that three bullets had entered Mrs. Rolfe's body. Rolfe lay on the floor, a revolver grasped in his hand, and two wounds in his head. He had shot his wife and himself. Rolfe died at the General Hospital yesterday afternoon, and his wife an hour later.

Italy has mobilized between 200,000 and 250,000 troops on the Swiss and Austrian frontiers as a preliminary measure. All the high passes over the Alps are strongly held, and Swiss and Italian patrols meet there and exchange their impressions of the war.

JAPAN WANTS TO ENTER THE WAR

Island Kingdom Believed to Be Looking for a Pretext.

COVETING ISLANDS

Should the Mikado Wrest Them from Germans the United States Would Face Serious Crisis.

New York, August 14.—A Washington dispatch to the Sun says:

"Officials here and members of the Diplomatic Corps are watching with great interest for some indication of what Japan is to do with respect to the war in Europe.

"The belief is strong in Washington that Japan intends to get into the conflict, if there is the slightest excuse offered her to act under the terms of her treaty of alliance with Great Britain. Thus far there have been no reports received here of any attack upon British interests in the Far East, which is the only justification, under the Anglo-Japenese alliance, for Japan taking a hand in the game.

"The impression that Japan would like to get into it is based largely upon the belief that she could win much by entering the war, and that at very little cost. Were Japan to throw her forces into the conflict in the Far East there would be a tremendous preponderance in favor of Japan, and Russia as against Germany alone, for Austria has practically nothing in those regions.

It is this certain preponderance against her which gives rise to the belief here that Germany will make every effort to avoid a clash with the British in the Far East, in order not to bring down upon her the power of Japan. The losers of Esing-Tau and the poweful German influence in that part of China to Japan is believed to be certain if the Mikado enters the conflict.

"Another reason assigned for Japan's assumed desire to get into it pertains to the relations of the United States with Japan. By many it is believed that Japan is anxious to have occasion arise for going to the assistance of Great Britain. In order that she may place that country under heavy obligation to her in case of a conflict between Japan and the United States at some time in the future.

"During the last year, when the relations between the United States and Japan threatened to become strained, the general belief was that Great Britain would decline to join Japan in any war against the United States, not only because of the repugnance of such action generally to the British people, but also because the interests of Canada and Australia are so nearly identical with those of the United States with regard to Japanese immigration.

"Should Japan join in the war on Germany, it is declared, it would be a simple matter indeed for her to capture the German possessions in the South Pacific. These consist chiefly of the Caroline Islands and a number of the Samoan islands. Possession of the German Samoans by the Japanese would give the latter a strong strategic point right alongside one belonging to the United States, which already is planning a giant wireless station on the island of Tutuila. Such islands would be most useful to Japan as coaling stations, it is declared, not only in case of hostilities with the United States, but also for the support of her trade routes to the United States and South and Central America."

FELL TO BOTTOM OF PIT.

Rider Narrowly Escaped Serious Injury—Gave the Spectators Thrill.

There was some excitement at the carnival last night when one of the riders in the big motordrome fell from the utmost top of the track to the bottom of the pit, the result of something going wrong with the cycle. He was only stunned for a few

MEANT CERTAIN DEATH.

Germans Mowed Down Like Chaff by Belgian Guns.

London, August 14.—The Germans engaged in the battle of Haelen according to late details to the exchange telegraph company from Brussels, numbered more than 10,000 composed of cavalry, artillery and a small force of infantry. The Belgian force numbered about 7,000.

"It is believed," says the dispatch, "that the object of the Germans was to take a position north of the St. Trond road at Tirlemont, from which they would be able to execute a turning movement against the Belgian Army.

"Through efficient cavalry reconnaissance the Belgian commander obtained accurate information of the movement of the attacking force. To reach Diest the Germans had to cross the river at Hallen and it was before this place that the Belgians took up their principal position, erecting barricades, building entrenchments and placing guns where they could be most effectively employed.

The Germans came in sight about 11 o'clock in the morning, and soon after the artillery on both sides came into action. The German fire had little effect. The Belgian fire was deadly, even at a range of 2,000 metres, and played havoc with the German cavalry which, notwithstanding, continued to advance.

"The Belgian cavalry repeatedly charged, but owing to the conformation of the country which is intersected with hedges and hillocks, could attack only in small groups. The Germans again and again hurled themselves at the barricades only to be shot down by the deadly Belgian fire.

"The attack on the bridges spanning the river was equally fierce. German officers could be seen urging men to attack, to meet almost certain death from the Belgian guns. Men and horses fell like flies, until, when almost shattered, the order for retreat was given at 6 o'clock in the evening.

"The German defeat was complete, their loss amounting to more than 1,000, and they retired in the greatest disorder. At nightfall they were making their way hastily toward Tangres.

CHICAGO MURDER MYSTERY.

Life of Patent Attorney Choked Out of Him by Stranger.

Chicago, August 14.—Broken bones in the neck of Edward P. Amcry, patent attorney and secretary of the Western Railroad Association, establishes beyond all doubt that a strangler choked the life out of the official in his office in the People's Gas Building. This discovery spurred the police on to even greater activity in an effort to solve a mystery that seemed destined to take rank with other unsolved murders.

The belief is growing that Amcry, the father of two children and a self-made business man, became involved in a quarrel with a man possessing a patent and the stranger, in a fire of passion, resorted to desperate means.

Amory was killed early Wednesday morning and the body left locked in the office of the association .His woman stenographer vainly tried to get in, and at length went home, leaving a note pushed under the door. The body was discovered by Allen M. Thompson, Amory's clerk, who was having a day off, he said, but looked in at the office late in the afternoon.

The police held Thompson to investigate his story. Amory was killed after a desperate struggle, His clothing was partly torn off, he had three cuts on his head, bruises on his throat and the whole of his face was spattered with blood. Thompson had several slight scratches on his neck, which he said he had got while playing with a dog. One lens of his eye glasses were broken. Thumprints found on chairs in Amory's office are to be compared with Thompson's.

Thompson declared that he had been given a day off to go to a dentist. The association of which Amory was secretary was formed to protect Western railroads against infringements of patents, and the police thought the murder might have been committed by some person with a fancied injury in connection with patent litigation. Amory's desk was open and its contents scattered.

TUCKER FAVORS LOCAL OPTION

Disapproves Statewide Prohibition from Several Standpoints.

OUTLINES HIS VIEWS

Principles Involved, He Says, Are Imbedded in Virginia Institutions —Able Statement.

Richmond, August 14.—Public men in Virginia are rapidly indicating their position on the prohibition question which is to be voted on at the polls throughout the State on September 22. Attorney-General John Garland Pollard has just returned from a tour of speechmaking in the interests of State-wide prohibition. Harry St. George Tucker, former member of Congress, and candidate for Governor in the Democratic primaries against Governor William Hodges Mann, has written to Judge George L. Christian, a statement of his views supporting local option.

Among other things he says.

The principle of local self-government by which the government is brought close to the people and gives to each voter the maximum of power in the administration of the affairs of the government, is one which encourages individual responsibility and enlarges the powers the people. If a law is proposed the people of Virginia, supposing there are 150,000 voters in the State, each man's vote is a unit and has power to influence the result one in 150,000. If it be a matter that concerns his county, his power to influence the election is as one to 1,500. If the question is one which a magisterial district or town is involved in which there are 500 voters, the potentiality of his vote is as one to 500. The nearer home the question comes, the greater power the voter has.

In my own section of the State, the Valley of Virginia, I do not see how the election, however it may terminate, can affect the present condition of things in any respect. Today the Valley is without a barroom from Winchester to Roanoke, except at Harrisonburg, Rotecourt, Rockbridge, Augusta, Shenandoah and Frederick are dry. They are as dry under the local option as prohibition can make them. If the law is evaded now under local option, there is no reason to believe it will be different under State-wide prohibition.

Apart from these views, if I were one of those (and there are many such), who honestly believe that all alcohol is either poisonous or injurious, I could not vote for the enabling act in the coming election; for this act, in Section IX., while prohibiting the manufacture of whisky and brandy, permits the manufacture of wine by firms or corporations that are now manufacturing wine in the State, and also permits the manufacture of beer, containing not more than 3 1-2 per cent of alcohol, by firms or corporations now manufacturing it.

This act was brought about by the forceful sentiment of those who believed that alcohol was destroying the manhood of the State. It would be of interest to know from those who effected the passage of this act by what alchemy alcohol contained in wine and beer is less destructive of Virginia manhood than that which is found in whisky and brandy. That there is less in one than in the other is no argument to him who believes that all alcohol is destructive of manhood.

A vote for this act would deny the right of any man to manufacture brandy or whisky, and would affirmatively grant the right to those manufacturing wine and beer to continue it. If I were a prohibitionist I could not vote to grant the right to any person to manufacture beer and wine, which I honestly believed was destructive of human souls.

I believe the people of the State will pass upon this question in no hysterical way, but that we may except a calm, dispassionate judgment in its determination, and it is to be sincerely hoped that the extravagance of language which has disgraced contests in other [illegible] place in the coming election. I sincerely hope that the people of the State will not in this election relinquish a principle which has been their protection at all times in the history of the past and which has been sanctioned by the best blood of our Southern country freely spilled in its defense upon the broad plains of this dear old Commonwealth.

LOCAL BREVITIES.

An important meeting of the Relief Hook and Ladder Company will be held tonight at 8 o'clock at the truck house on Prince street. All members are urged to be in attendance.

Next Sunday afternoon at 3.30 o'clock in the First Baptist Church, the Rev. G. W. McDaniell, D. D., pastor of the First Baptist Church of Richmond, will speak to Alexandrians on the prohibition question.

It was announced that the base ball game to be played between the Alexandria police force and the employees of the Washington-Virginia Railway employees at the local park for the benefit of the Children's Home would take place at 4 o'clock the afternoon of August 17th. The game will be played on the afternoon of August 19th, a mistake having been made in the date.

The war in Europe has had a tendency to raise prices of foodstuffs and Alexandria is not escaping the rise. However, Howard & Bros., the King street cash grocers, in keeping with their policy of the lowest cash prices, have something attractive to offer housewives in their advertisement found elsewhere in this issue. Don't fail to see it and take advantage of the grocery bargains.

If you have something to sell, a house for rent, rooms for rent, boarders wanted, or anything in the classified line, use the Gazette want ads. You get results and it will save you lots of steps. One insertion will cost you 25c, two insertions, 40c and three insertions, 50c.

OIL cures and heals chafing.

FATAL AUTO ACCIDENT.

Daughter of Judge Keedy, of Hagerstown, Md., Injured.

Hagerstown, Md., August 14.—Miss Mary Stitt Keedy, daughter of Judge and Mrs. Martin L. Keedy, of Hagerstown, was injured and Alfred Brown, of Osceola Mills, Pa., was killed Wednesday afternoon when the automobile of Mr. Brown, containing himself, two daughters, Miss Annie Brookal and Miss Keedy, was struck by a pay-train locomotive on the New York Central railway at Bigler, near Clearfield, Pa.

Mr. Brown was instantly killed in the collision. One of his daughters sustained a broken thigh. Miss Keedy and the other two young ladies were only slightly injured, escaping with bruises and lacerations. All were taken to the Clearfield Hospital. A message received today stated that Miss Keedy would soon be able to leave the hospital. Judge Keedy left today for the bedside of his daughter, who had been on a visit to Osceola Mills.

Death of Rev. Charles W. Collier.

Petersburg, Va., August 14.—A telegram has been received announcing the death in Culpeper, Va., of the Rev. Charles W. Collier, former resident of Petersburg.

He took a theological course at Crozier Theological Seminary, near Philadelphia, and his first charge was in Wilmington, Del. He subsequently served as pastor and later accepted a call to the Baptist Church at Bedford City, of which he was pastor until about 18 months ago, when his health failed. He is survived by a widow and two brothers.

THREE AUTOISTS KILLED.

Stalled on Railroad Track, Machine is Hit by Passenger Train.

Leesburg, Ohio, August 14.—Three men met death here early this morning when an automobile stalled with a "dead" engine on the tracks of the Baltimore and Ohio Southwestern R. R., was struck by a passenger train. The dead are E. O. Bonney, salesman of Lima, Ohio; Charles Dewey, of Leesburg, and George Haas, a lumber man of Highland, Ohio.

RELEASED ON BAIL PENDING APPEAL

Mrs. Hall Is Out Under a Bond of Ten Thousand Dollars.

VERDICT IS UPHELD

Judge Shackelford Overrules Motion of Defendant's Counsel, but Provides for Her Liberty.

Louisa, Va., August 14.—Mrs. Elizabeth A. Hall, convicted on last Saturday of murdering her husband, Victor K. Hall, has been released in the Louisa County Court on $10,000 bail, pending an appeal to the Supreme Court for a writ of error, Judge George S. Shackelford, who presided at the trial, heard argument on a motion to set the verdict aside as being contrary to the law and evidence, and refused to grant it. R. Lindsay Gordon, of Mrs. Hall's counsel, and Comonwealth's Attorney W. C. Bibb, argued for three hours, the court upholding the contention of the young Comonwealth's Attorney that the verdict was within the law and within the rules of evidence. The jury recommended punishment of ten years in the penitentiary.

Immediately after denying this motion, Judge Shackelford heard motion for bail, and released the prisoner under bond until September 30, by which time the appeal for a writ of error will have been acted upon. The bond was signed by Mr. Gordon, Mrs. Ellen Hall and N. W. Hall, parents-in-law of the accused; Magistrate James E. Hester who presided at the coroner's inquest held over Victor Hall's body; W. J. Roberts, who has manifested a deep interest in Mrs. Hall; J. T. Bigger and by her brothers and sisters.

Interest in the case has not yet died away, and the case will be followed until its final disposition by the Supreme Court of Appeals.

LIBEL A BRITISH SHIP.

Captain Insists on Taking His Big Cargo to Austrian Port.

Norfolk, Va., August 14.—Putting into a neutral port for bunker coal and to gain a breathing spell from prowling ships of the enemy off the Atlantic coast, only to be libelled by owners of the cargo she carried, is the fate of the British steamship Atherstone, lying off Sewell's Point.

The Atherstone was Wednesday night libelled by Norris & Co., Inc. The owners allege that the captain insists on carrying the cargo to an Austrian port against orders.

The Atherstone cleared from New Orleans July 21 for Fiume, Austria, with a cargo of 265,000 bushels of wheat, received from Norris & Co. When war was declared the owners of the cargo instructed Captain Bliaultto to put into either a neutral port or a port of the United Kingdom.

In the libel proceedings the libelants allege that in spite of their efforts to change the destination of the vessel, her captain insisted upon taking his cargo to an Austrian port.

JUVENILE HIGHWAYMEN.

Threatens to Murder Woman When She Refused to Give Up Money.

Richmond, August 14.—Irene Ford, who caused the arrest of Vincent Williams, 18 years old, told this story to Justice Crutchfield yesterday when Williams was placed on trial:

"I was on my way to a restaurant Monday night when he (Williams) stopped me and demanded money. When I would not give it to him he drew a knife and threatened to cut my throat if I did not comply with his wishes. I still refused and he knocked me down and took $38 from me. The money was in my stocking."

Justice Crutchfield found it necessary to continue Williams' hearing until today, after taking the complainant's testimony, because of Commonwealth's Attorney Folkes' inability to be present.

SOCIAL AND PERSONAL

Interesting News Notes About People of Alexandria—Happenings in Society.

The Old Dominion Boat Club held a delightful smoker last evening at its club house on the Potomac. The evening was given over to a general social time, but the activities were enlivened by a series of athletic events. The attendance was unusually large. The boat club fairly outshone themselves in its efforts to please the invited guests and it was the unanimous opinion that it was one of the best social gatherings of the season.

R. A. Steele, manager and head of the firm of the new Richmond Theatre, and his family have removed to Alexandria from Washington and have taken up their residence on North Columbus street.

Mr. and Mrs. Reginald Purvis Tatspaugh are spending the week end at Norfolk and Virginia Beach.

Miss Virginia Roxbury has finished her work at the University of Virginia and has returned to her home in this city.

Mr. and Mrs. J. G. Graham are visiting relatives in Pittsburg, Pa

Mr. and Mrs. George H. Schwarzmann, Miss Pearl Schwarzmann, Mrs. Lorenzo Wolford and Mr. Ervin Schwarzmann, are touring New Jersey. They are at Wildwood, at present.

Mr. and Mrs. George S. French and little daughter, left this afternoon for Brevard, N C., where they will spend some time.

NEW BOULEVARD.

Citizens of Jefferson District, Alexandria County, Will Meet Tonight.

Ways and means for the construction of two roads in Alexandria county, will be discussed tonight at a meeting of the citizens of Jefferson district, Alexandria county, and the board of supervisors, which will be held in the Mount Vernon avenue school house.

One of the roads to extend from Arlington Cemetery to Hume's Station and thence through the town of Potomac, is the subdivision of Mount Ida, Braddock, and Del Ray also are desirous of securing a road. This meeting also will take up the question of securing a road for this section, as well as the road to come through the town of Potomac.

CARNIVAL LAST NIGHT.

Throngs Present on Upper King Street up to Late Hour.

The carnival at the end of King street attracted a large crowd last evening, and from 7 o'clock until a late hour, the grounds were thronged with a happy assemblage. The Liberty shows did a rushing business, and well they might when their high class is taken into consideration. The dog and pony show and the motordrome proved to be the big attractions, although the other shows received liberal patronage.

Seldom has the public been given the opportunity to see such a remarkable motor cycle performance as at the motordrome. "Mike," the motorcyclist, with his dare-devil riding, forced the crowds to hold their breath. Riding without handlebars or saddle he won applause.

This is an exceptional show and is well worth the price of admission. Mat Gay, the high diver, gave a splendid exhibition, diving from a height of about 100 feet into a tank which contains only four feet of water.

The carnival will be here for two more nights closing tomorrow night. With good weather it is expected that the grounds will be thronged with Alexandrians eager to see something worth while.

KODAKERS

Let us do your finishing. OUR PRICES are 25 per cent cheaper than you are paying.

THE WHITE STUDIO,
502 King Street.
Open from 10 A. M. to 10 P. M.

EXCITEMENT LAST NIGHT

Negro Grossly Insults White Woman on Upper King Street—People Exasperated.

The crowd at the carnival now exhibiting on King street, extended, became frenzied last night at the bold act of a negro named John Davis, who made an assault on a white woman named Wilson, who resides outside the city. Mrs. Wilson was in a carriage at the time. The assault was in the nature of a gross insult, which so excited the crowd nearby that for a time violence was feared.

The place which was the scene of the occurrence is a few yards outside the city limits and in Alexandria County, and Officer Crane took Davis in charge and placed him in the station house until this morning, when he conducted him to the county jail.

Since the occurrence stories of other bold acts by Davis have been circulated, and it is said that he barely escaped getting in trouble in this city over a year ago. It will be remembered that at the time several young white women had been seized in the southwestern section of the city at night by a strange negro, who kissed them. On one occasion it is said Davis, who had been suspected of committing these assaults, was chased by an angry crowd.

SITE FOR HOSPITAL.

Joint Meeting of Trustees Committee Will be Held Monday Night.

The site committee of the new Alexandria Hospital held a meeting yesterday afternoon in the rooms of the Chamber of Commerce and discussed the merits of several sites selected. The committee will submit its recommendations to the board of trustees of the hospital at once.

It is expected that a joint meeting of the trustees and members of the committee, who are also trustees, will be held Monday night in the rooms of the Chamber of Commerce, and a site decided upon. Worth Hullfish, chairman of the board of trustees, will call a meeting for Monday night for that purpose. R. S. Jones is chairman of the building site committee and he presided at yesterday's meeting.

SENT TO JAIL FOR 30 DAYS.

Young Man Convicted of Petit Larceny And Forcing Door.

There was but one case disposed of in the Police Court this morning. A young white man named Robert Miller had been arrested on the charge of entering a room in Wash. Jackson's boarding house on upper King street, and stealing sundry articles belonging to Thomas Miller, a young colored man. The latter identified a necktie which had been taken from his room. It was shown that the door had been opened by a chisel, about half an inch of which had been broken off and left in the door. The chisel, which had been in Miller's possession for several days, was found in a bureau drawer in his room.

The accused plead innocency of the charge. He was sentenced to serve thirty days in jail.

During the time Miller had boarded at Jackson's he went by the name of Robert Knox. A number of articles have been missing during his stay in the house.

AUTO BACKS DOWN BANK.

Narrow Escape of Several Alexandrians Near Braddock Last Night.

An automobile, owned by Ernest Hamilton, and in which several persons were seated, was seriously damaged last night at Braddock, a short distance from this city. The gearing of the machine became deranged and it began to back. Attempts were made to stop the auto, but the brake failed, and it ran down a bank, colliding with a tree and breaking one of the wheels.

The occupants escaped injury, but they were compelled to take an electric train in order to reach home.

BASE BALL GAME.

Yesterday evening the A. A. C. Jr., baseball club journeyed to West End to play the Ellsworth Baseball team at whose hands it met defeat by the score of 12 to 0. The pitching of Gilroy for the Ellsworths was the feature of the game, he allowing the A. A. C. Jrs., only five hits. This evening the A. A. C. Jrs., play the Pirates on the North Alfred Street Diamond.

FOR RENT—Furnished house, eight rooms, hot water heat, electricity, gas range. Centrally located. Address R. W. Gazette Office. 10_3t.

STAR SPANGLED BANNER

Baltimore Asks Alexandria to Co-Operate During Celebration of Centennial Week.

Mayor Fisher has received the following communication from Mayor Preston, of Baltimore:

Hon. Thomas A. Fisher,
Mayor of Alexandria,
Alexandria, Va.

Dear Sir: In September of this year will occur the one hundredth anniversary of the birth of the "Star Spangled Banner" and the achievement of American independence. Both these events were made possible by the successful defense of Baltimore against the British, and that they may be fittingly commemorated, we will hold from September 6th to 13th, a celebration that will excel all others of like character. For more than a year the citizens of Baltimore have been working diligently to complete plans that are in keeping with the high dignity of the anniversary. Thousands from all sections will come to our city to pay homage to the author and the song that has never failed to thrill with pride the heart of every loyal American.

But while this gathering will be great in numbers, throughout the land there will be millions who will find it impossible to come. It is only proper, therefore, that some steps should be taken to make them feel that they have a part in the great national celebration. It seems to me tht no better method could be adopted to bring this about than to have the national standard the "Stars and Stripes," flying over every public building, business institution and residence in every city during the entire celebration. To you, the chief executive of your city, I appeal for co-operation, and feel sure that the general use of the American flag during Centennial Week will not only aid the cause of patriotism, but present to the world a striking picture of the strength, purity and loyalty of which the "Heaven-born Banner" is the emblem.

Anticipating with pleasure an expression of your views on this subject, I am, very truly yours,

JAMES H. PRESTON,
Mayor.

AT THE THEATRES.

Since the opening of "The Richmond," the motion picture business in Alexandria has been given a decided step forward. On the opening night the new Richmond showed to a packed house, with all who attended well pleased. The pictures are high class and all conditions tend to give the patrons an evening of enjoyment at a slight cost. The management aims to please the public and to give it the very best of pictures.

The Surprise Theatre must not be forgotten in these exciting motion picture times. Manager Smith is also showing to packed houses, with the very best of pictures. His patrons are manifesting their interest in this popular playhouse with continued attendance. The pictures are as good, if not better, than they have been and the patrons show their approval of Mr. Smith's efforts. The new improvements at the Surprise puts it in first-class condition and when completed this theatre will be one of beauty.

Across the street from the Richmond is Airdome. This motion picture house always attracts liberal age, which was proved this week. The public can always rely on the service of the pictures shown here. The price of admission is the lowest in the city and those who attend get more than their money's worth.

Suicide of Young Man.

Wilmington, N. C., August 14.—Frank Robinson, of Charlottesville, Va., committed suicide here yesterday by the railroad company, was jilted lic streets of this city.

The dead man, who was employed by the railroad company, was jilted Wednesday by his sweetheart, Miss Ruth Sutherland, who stated she had refused his suit.

OPENING OF THE PANAMA CANAL.

Everything is said to be in readiness for the opening of the Panama Canal, and by this time tomorrow vessels will be passing from ocean to ocean, fulfilling dreams which have been entertained since the days of Balboa.

The construction of this great highway was a marvelous work and a standing monument to the enterprise of the twentieth century. The route to the Pacific via Cape Horn is now practically one of the things of the past, and the "Flying Dutchman" can continue his efforts to double the bleak cape with but little fear of spectators.

A canal through the backbone of the American continent, has been the hope of the present generation, but many now living had years ago abandoned hopes of ever seeing the waterway in actual operation, and the passage of vessels tomorrow will enthuse the people of the entire continent.

While the great waterway will afford transit for ships from the Atlantic to the Pacific, the dove of peace will add to the enthusiasm by its cooing, and at a time, too, when German ships are bottled up in the Kiel Canal on account of the dogs of war now loose in the North Sea.

RABID KANSAS PROHIBITIONIST.

A reply to the speech made by Royal E. Cabell recently before the meeting of the Local Self-Government Association, has been received at the headquarters of the association, written by a native of Kansas, attempting in a harsh manner to discredit the statements of Mr. Cabell.

The Richmond News-Leader says it was the most abusive, vilifying and slanderous missive that has been made public in Virginia in many days and goes far to show the unprincipled methods and language used by some persons on the prohibition side in their efforts to drive Virginia dry.

The words "liar" and "hound" are frequently used, and the writer goes on to drag the good name of Virginia in the mud by calling her "old rum-soaked Virginia" and speaks of the men who defended the state in '61-65 as 'hoboes." He tells in a lurid way how the sons of Kansas made the forefathers of Mr. Cabell and the other men who fought from 61 to '65 seek cover, and denounces all men who are fighting for local option as 'such rounds as this.'

Prohibitionists of the Old Dominion have good cause to pray to be delivered from some of their friends.

"NOT PEOPLE'S WAR, BUT OFFICERS' WAR."

An official communication issued in Paris says.

"German prisoners who have been questioned give the impression that they are broken in spirit and physically weak from hunger. They seem not to have been informed concerning the reason for the mobilization, and one man asked why war had been declared. According to German opinion, this is not a people's war but an officers' war."

No matter what German officialdom may say to the contary, the exclamation quoted above no doubt expresses the opinion of thousands of other Teutons, whose hearts and souls are by no means wrapped up in the terrible war the Kaiser has wantonly precipitated.

In one of Dickens's novels he describes a young man who was born old. The author says he no doubt wore a frock coat while lying in his crib. The baby boy of Germany is born a soldier. He has espionage placed upon him while mewling in the nurse's arms. His father is compelled by law to have him listed and the authorities have their eyes upon him until he is able to bear a gun. He is compelled to muster under severe drill sergeants and to give the early bloom of his manhood to the King. At the latter's ipse dixit he is ordered to join the colors and become a target for enemies of his country whom his sovereign has stirred up.

Should the war close there will be many vacant places in family boards. Should it continue a few months they will be legion.

SHOT BY YOUNG WOMAN.

Mistook Him for Burglar And Fired Into the Darkness.

Bristol, Va., August 14.—George Barnes, of Fordtown, Tenn., was shot and killed by Miss Berta Ford Wednesday night.

Miss Ford and her mother, Mrs. Hannah Ford, heard a noise at the front door and feared burglars were trying to enter. Opening the door Miss Ford fired into the darkness. She did not know the shot had killed anybody until the dead body of Barnes was found near the Ford home yesterday. The shot had penetrated his stomach.

DUAL TRAGEDY HALF FATAL.

Scranton, Pa., August 14.—Frank Itterly, aged 23 years, a Lackawanna Railroad fireman, shot Mrs. Belle Sweet, aged 18, yesterday afternoon and then turned the revolver on himself.

Itterly is dead, a bullet having gone through his left temple and brain. The young woman will recover, the bullet having passed through her chin and cheek, but not striking a vital spot.

The tragedy occurred at the home of Mrs. Sweet's brother, William Emrich, with whom she lived. Mrs Sweet had a husband living in Park Place.

When Itterly heard that she had been automobile riding with a man and intended going again yesterday afternoon, he began threatening her life. Finding her alone in the kitchen, he asked her not to go on the ride, but she refused to heed him. Then he begged her to kiss him good-bye, and when she again refused he began firing.

NEGROES IN A FIGHT.

One of the Belligerents Receives a Ball in His Left Leg.

Two negroes became engaged in a fight on north St. Asaph street yesterday afternoon. They fought over several squares before they grew tired of the pastime. The police arrested one of the combatants, but the other got away. William Campbell is the name of the man taken in custody, and upon being examined at the station house it was found that a pistol ball had entered his left leg. He was attended by Dr. Warfield and later was released on his own recognizance when the other negro shall have been arrested.

REMARKABLE RECORD.

Flesh-Forming Food that Succeeds Nearly Every Time.

A man or woman might as well starve outright as to take food into the stomach and not have it assimilated, yet in Alexandria, as well as in every other town and city, there are many people who are thin, pale and seem underfed, simply because the food they eat is not assimilated, and fails to make good blood and firm flesh.

Samose, the wonderful flesh-forming food, taken before or after meals, mingles with the food, so that it is assimilated by the system and makes rich blood and pleasing plumpness.

Anyone who is thin, weak, scrawny and emaciated can put 50c on deposit with E. S. Leadbeater & Sons and take home a box of Samose. If the treatment does not give a noticeable increase in good firm flesh and restore strength and health, they will return the money without any questions.

"GETS-IT" FOR CORNS SURE AS SUNRISE

New Plan. Corns Shrivel, Vanish.

Until "GETS-IT" was born nobody was ever sure of getting rid of a corn. Corn treatments nearly all contained the same ingredients, only some were liquid, some plasters, some "wrappers and some in salve

form. Now comes "GETS-IT" with a newly discovered formula—the corn cure on a new principle and a simple plan that never fails. This is why "GETS-IT" has grown in three years to be the biggest-selling corn cure the world has ever known.

There's no more need of fussing with corns, no more digging or cutting. There's nothing to press down on the corn, nothing to inflame the flesh, to "pull" the corn or cause pain. Put two drops of "GETS-IT" on in two seconds. That's all. For any corn, callus, wart or bunion.

"GETS-IT" is sold by druggists everywhere, 25c a bottle, or sent direct by E. Lawrence & Co., Chicago.

Headache and Nervousness Cured.
"Chamberlain's Tablets are entitled to all the praise I can give them," writes Mrs. Richard Olp, Spencerport, N. Y. They have cured me of headache and nervousness and restored me to my normal health. For sale by all dealers.

TUBERCULOSIS.

In addition to plenty of fresh air and proper diet, those suffering from or who are predisposed to Tuberculosis are recommended to use Eckman's Alterative to stop night sweats, banish fever and hasten recovery. This medicine, by reason of its successful use during the past, warrants the fullest investigation possible by every sufferer.

Eckman's Alterative is most efficacious in bronchia: catarrh and severe throat and lung affections and in upbuilding the system. It contains no narcotics, nor harmful or habit-forming drugs. Accept no substitutes. Sold by leading druggists. Write to the Eckman Laboratory, Philadelphia, Pa., for booklet telling of recoveries.

KEEP COOL

and keep your food cool, too, if you would be healthy and comfortable during the dog days. The only way to keep the food in proper condition is to surround it with pure ice—not the cheap and dirty kind that carries contamination with it. We will serve you daily with the purest ice at a very slight cost.

MUTUAL ICE COMP'Y.

Driving Outfits

We furnish everything but the horse. Buggies with style and endurance, wagons for every farm and city purpose. Harness of every requirement, stable acccsories for every need.

The Twenty-Year Test.

"Some twenty years ago I used Chamberlain's Colic, Cholera and Diarrhoea Remedy," writes Gen. W. Brook, publisher of the Enterprise, Aberdeen, Md. "I discovered that it was a quick and safe cure for diarrhoea. Since then no one can sell me anything said to be 'just as good.' During all these years I have used it and recommended it many times, and it has never disappointed anyone." For sale by all dealers.

Not So Strange After All.

You may think it strange that so many people are cured of stomach trouble by Chamberlain's Tablets. You would not, however, if you should give them a trial. They strengthen and invigorate the stomach and enable it to perform its functions naturally Mrs. Rosie Rish, Wabash, Ind., writes: "Nothing did me the least good until I began using Chamberlain's Tablets. It is decidedly the best medicine for stomach trouble I have ever used." For sale by all dealers.

Dangers of Cholera Morbus.

In almost every neighborhood some one has died from an attack of cholera morbus before medicine could be procured or a physician summoned. Every family should be prepared for such an emergency. Mrs. E. M. Snyder, Herkimer, N. Y., says: "About four years ago my husband had an attack of cholera morbus. I gave him Chamberlain's Colic, Cholera and Diarrhoea Remedy and it relieved the pain immediately, and two or three doses of it effected a cure." For sale by all dealers.

Maryland, Delaware and Virginia Railway Company.

Steamers of this line leave Alexandria Monday Wednesdays and Saturdays at 4:30 P. M.

TIES PILED ON TRACK.

Two Attempts Made to Wreck Trains Near Lynchburg.

Lynchburg, Va., August 14.—Two efforts were made Tuesday night to wreck passenger trains on the new route of the Southern Railway through Lynchburg, in both cases crossties being piled upon the track. The first obstruction was found at the end of the bridge over Blackwater creek, where the bridge is 125 feet high, and the second was at the northern entrance of the Rivermont tunnel.

The first obstruction, which was evidently placed for the Birmingham special, was found by the crew of a northbound freight train, as the fireman noticed it as the train was speeding on the opposite track. The freight was stopped and the special was flagged a short distance away from the obstruction.

Several hours later an employe of the company found the ties in the mouth of the 1,800-foot tunnel, and these were removed in time to permit the passage of the Jacksonville train.

FIREMAN MEETS DEATH.

Six Passengers Injured in Wreck of Excursion Train on Southern Railway.

Asheville, N. C., August 14.—An excursion train was derailed by a broken switch 27 miles from this city. All of the injured were in the Pullman car at the time of the wreck. The fireman met death by being scalded beneath his overturned engine.

OLD-TIME HAIL STORM

Farmers Filled Ice Houses with Large Lumps of Ice.

The following is an extract of a letter received by Public Auditor C. Lee Moore from Hon. H. F. Hutcheson, Clerk of the Circuit Court of Mecklenburg County, Boydton, Va.:

"On August the 3rd we had the worst hailstorm in this section ever heard of, with probably the exception of the one in 1837, which was more general and killed right many people. There were no lives lost this time.

"The storm swept over thirty-seven farms, all crops and vegetation on a majority of them being completely ruined. On Friday after the hail fell two farmers filled their icehouses. The storm was in the best frming section of the county.

"On the best farm I owned not a leaf of tobacco was left and all the corn ruined. Most of the forest trees were denuded of their foliage, and it looks like January instead of August. Tops of some farmhouses were beaten through. Many coveys of birds and hares have been found killed by the hail."

In a memorial sent to the House Ways and Means Committee yesterday, John Boyle, a Washington newspaper correspondent, recommends that all prohibitionists be taxed $5 a head to raise the additional revenue needed by the government because of decreased imports during the European war. Boyle says that the internal revenue tax on beer and liquor already is high, and the drinkers pay about $7 a year per capita and the prohibitionists pay nothing. "Tax the prohibitionists $5 a head," said Boyle, "and you will raise $150,000,000 in revenue, as the prohibitionists claim they number about one-third of our population."

F. E. Seaton, a moving-picture star, was shot to death in his home in Bogota, N. J., by his wife, Virginia Clay Seaton an actress, who once attracted country-wide attention by her ability as a sharpshooter. Jealousy is assigned as the motive.

THE TRUMPETER SAYS:

Already women are prohibited from purchasing liquor or even working in places where intoxicants are handled.

Now, please let us know what Richmond County has to do with the Alexandria saloonkeeper having his wife for a bartender.

Let us have local self-government.

JAP SOLDIERS EMBARK.

45,000 Reported on Transports Awaiting Orders.

Shanghai, China, August 14.—The captain of a Japanese vessel which arrived here yesterday reported that 45,000 Japanese soldiers had embarked on transports and were awaiting orders. He said he believed their destination was Eastern Tau, the German possession in China.

A French cruiser was sighted yesterday, accompanied by two German merchant vessels which she had captured as prizes of war.

Riots are reported among Chinese residents in Hongkong owing to the high prices of food and the dangers of famine.

Several Australian warships have joined the British squadron in East Asiatic waters.

Peking, China, August 12.—The Japanese government, in replying to the suggestion of China that China, the United States and Japan should endeavor to mediate in the European conflict said its obligations to Great Britain might prevent Japan from doing so.

In consequence of this reply, China considers further efforts useless, although it was stated yesterday that the question of mediation might be reopened with the United States in case there were any prospects of success.

A note to the foreign legations issued today says that China will establish a moratorium only for short term loans. It was stated that the government had decided to continue paying the indemnities and other obligations as long as possible.

CITIZENS COAL SUFFOLK.

Crew of British Cruiser Will Get Rest at Halifax.

Halifax, N. S., August 14.—Halifax citizens of all classes are showing their patriotism yesterday by voluntarily coaling the British cruiser Suffolk, which arrived in port early this afternoon. It is estimated that the work will take ten hours. The crew of the Mauretania, 200 men from the Sixty-third Regiment and hundreds of citizens have volunteered for the job. The crew of the cruiser will consequently be able to enjoy a much needed rest.

The Suffolk steamed up the harbor, her white ensign at the fore, her band playing and her crew lining the rail. Her progress was marked by the cheers of 20,000 persons, who had assembled on the water front, and the blowing of whistles by all the steamers in port.

A telegram from Paris to the London Central News says the German troops yesterday shot the Mayor of Igney, a village between Luneville and Arricourt, on the Franco-German frontier.

In a quarrel over $12 in accounts, Porter Spencer, 48 years old, a farmer, shot and killed his father, John Spencer, 78 years old, near Clinton, Ill., yesterday. The quarrel started between Porter and his brother Thomas. When the father interfered, Thomas shot him. After chasing his brother into a cornfield, Porter turned the gun on himself and killed himself.

A dispatch from Rotterdam says sixty thousand Dutch troops are on the line of the frontier. Large areas of land have been flooded to a depth of three feet as a precautionary measure. The Dutch government has officially given the French government renewed assurance of its neutrality in the present conflict and of its firm intention to make it respected.

The Servian and Montenegrin armies, which had effected a junction on the border of Herzegovina, are now operating together.

LOST — A white poodle dog. Answers to the name of Teddy. Reward if returned to 206 North Pitt street. 14-3t

DRUGS TAKE BIG LEAP.

Advance in Price of Drug Store Stocks Is Appalling.

Retail druggists in Lynchburg state that there has been a decided advance in price of drugs since the outbreak of the European war. Some of the drugs can hardly be obtained at all, and should the war continue, some drugs cannot be had under any circumstances. This is because Germany has been practically relied upon by the United States for a large part of the drugs used and that country is now the hotbed of the present terrific war.

Carbolic acid has gone up ninety per cent and is very scarce; mercury has leaped from $35 a cask to $115 a cask, and all of the mercury salts have taken a decided leap. Peroxide of hydrogen has advanced 100 per cent because barium oxide, the base of peroxide of hydrogen, must be secured from Europe. Calomel has gone up 25 per cent, glycerine 15 per cent, all iodides have advanced and oxalic acid cannot be secured. Oxalic acid is used extensively in bleacheries, laundries and for hat-cleaning purposes.

Perfumes and extracts, which are imported mostly from France, have soared from 25 to 50 per cent. Asperin has jumped 75 per cent, quinine and opium have also advanced. There is danger of the supply of opium running out. It is understood that a shipload of opium has left Gibraltar headed for New York, and if it reaches the United States there is no danger of an opium famine for some time.

Veronal has jumped from $1.50 an ounce to $2.50 an ounce. This medicine has become known through its use for drunken people. Salicylic acid has advanced and is becoming scarce. Camphor and all essential oils are on the incline, and cocaine is unobtainble.

Other drugs have advanced and the druggists believe that if the war lasts very long prices on drugs will be greatly advanced.—Lynchburg News.

QUESTION OF NEUTRALITY.

Shipment of Foodstuffs to Europe Expected to Bring the Issue to a Climax.

Washington, D. C., August 14.—That Germany's theory of what would constitute a strict neutrality on the part of the United States will call for some warm diplomatic correspondence is the belief of diplomats who know the temper of the German Foreign Office. Whenever our vast food production is ready for European consumption the belief is that Germany will inform this country that to furnish food supplies to an enemy of Germany violates the spirit, if not the letter, of absolute neutrality.

This attitude applied particularly to small arms and coal exports of Great Britain to France during the Franco-Prussian war resulted in a sharp exchange of notes despite the fact that the British ministry and the British people were sympathetic with the German cause. President Wilson's proclamation of neutrality expressly exempts "the open manufacture or sale of arms or munitions of war." It is the expectation that our coal exports will be great during this war.

Denmark Must be Neutral.

Copenhagen, August 14.—Political circles consider that the neutrality of Denmark must be maintained at all costs. Otherwise the economic distress, which already is acute, will be accentuated. Large quantities of goods are being exported to the combatants. Germany has removed her tariff restrictions, but requires that the shipping be in large quantities. The export of Danish goods to England commences tonight, the government insuring them against war risks.

Physician Killed by Train.

Sharpless, Va., August 14.—Dr. Gwynner P. Harrison, of this place, a well known physician of this section, was killed by a railroad train near here yesterday. The accident was very tragic and caused much commotion in the town. He is survived by his wife and three children.

Dr. Harrison was a young man, having graduated from Richmond Medical College in 1901 and served on the City Hospital corps of Richmond for a year.

The Case of L. L. Cantelou.

The case of L. L. Cantelou, Clarendon, Texas, is similar to that of many others who have used Chamberlain's Colic, Cholera and Diarrhoea Remedy. He says, "After trying a doctor for several months, and using different kinds of medicine for my wife who had been troubled with severe bowel complaint for several months, I bought a 25c bottle of Chamberlain's Colic, Cholera and Diarrhoea Remedy. After using the second bottle she was entirely cured." For sale by all dealers.

Had Serious Lung Trouble—Now Well

Sufferers from Lung Trouble are often misled in the belief that nothing will save them. Rest, fresh air, wholesome food and regularity in habits do much in aiding to restore health, but something else is needed. Many people who have taken Eckman's Alterative have testified that it was this medicine which restored them to health. Read this:—

Weldon, Ill.

"Gentlemen: Through your instrumentality I have been saved from a premature grave. On December 14, 1904, I was taken with Typhoid Pneumonia, which developed into Lung Trouble. In February, 1905, I went to Fort Worth, Texas, and later to Canon City, Colorado. After being there two weeks my physician informed me that my case was hopeless. Three weeks later I returned home, weighing 103 pounds, the doctor having given me no assurance of reaching there alive. On July 14, 1905, I began taking Eckman's wonderful remedy for Lung Trouble. Today I weigh 158 pounds. I am stout and well and can do any kind of work about my grain elevator."

(Affidavit) ARTHUR WEBB.

(Above abbreviated; more on request.)

Eckman's Alterative has been proven by many years' test to be most efficacious for severe Throat and Lung Affections, Bronchitis, Bronchial Asthma, Stubborn Colds and in upbuilding the system. Contains no narcotics, poisons or habit-forming drugs. Ask for booklet telling of recoveries, and write to Eckman Laboratory, Philadelphia, Pa., for evidence. For sale by all leading druggists

SUMMER PRICES ANTHRACITE COAL

Anthracite coal delivered in August will be at the lowest summer prices.

We are taking the greatest care in buying the very best grades of coal for our trade and are paying the highest market prices in an effort to get only the very best.

We strongly urge our customers to place their orders early, as the coal is carefully prepared and the deliveries are more certain.

Alexandria, Virginia

THE SUMMER COMFORT

July is here and we are probably in for the usual amount of hot, humid weather.

One of our Electric Fans will do much to "put ginger" in the office force on hot days.

The cost of operation is negligable, less than one-half a cent per hour.

Let us show you our line of eight, twelve and sixteen inch fans.

It pays to have a breeze under your control.

Skin Sufferers—Read!

We want all skin sufferers who have suffered for many years the tortures of disease and who have sought medical aid in vain, to read this.

We, as old established druggists of this community, wish to recommend to you a product that has given many relief and may mean the end of your agony. The product is a mild, simple wash, not a patent medicine concocted of various worthless drugs, but a scientific compound made of well known antiseptic ingredients. It is made in the D.D.D. laboratories of Chicago and is called the D.D.D. Prescription for Eczema.

This is a doctor's special prescription—one that has effected many wonderful cures.

The effect of D. D. D. is to soothe instantly, as soon as applied; then it penetrates the pores, destroys and throws off all disease germs and leaves the skin clean and healthy.

We are so confident of the marvelous power of D. D. D. that we have taken advantage of the manufacturers guarantee, to offer you a full-size bottle on trial. You are to judge the merits of the remedy in your own particular case. If it doesn't help you, it costs you nothing.

D. D. D. Soap is made of the same healing ingredients. Ask us about it.

FOR RENT

That large, desirable and well-located dwelling, 511 Prince street. Possession August 1: 10 rooms and bath, furnace heat; also 209 South Washington street, 7 rooms and bath. These properties are both in excellent condition and can be rented by the year or leased for a term of years.

HARRIE WHITE

"Be Prepared!"

"If you know but one thing—if you aren't prepared for a shift to a new quarter, whether you are a mechanic, a factory owner, or merchant, or specialist or salesman—any to-morrow may find you at elbows and without recourse or resource. Think!" —Herbert Kaufman.
